ERACLES by FORFIT

ERACLES by Forfit è un software gestionale nato per i centri sportivi, palestre e centri estetica.

ERACLES by Forfit è il nuovo standard per la gestione integrata del centro: controlla gli accessi, accelera l'area amministrativa, semplifica l'area contabile ed offre un ambiente fitness uniforme e razionale.

La flessibilità di ERACLES by Forfit permette di coordinare più postazioni e sedi dislocate grazie ad internet..

PRINCIPALI CARATTERISTICHE

- È un software integrato, ovvero ha pochi moduli da acquistare e ben integrati tra loro, come se fosse un unico software.
- Controllo accessi tramite tessera magnetica o di prossimità, gestisce tornelli, apertura porte e/o varchi.
- Ha un costo di gestione basso: il canone di manutenzione annuale tra i più competitivi
- CRM integrato che consente di gestire il cliente per migliorare il rapporto con il centro e monitorarlo

ERACLES by FORFIT

ERACLES by forfit is a management software developed for sports centers, gyms and beauty salons.

ERACLES by forfit is the new standard for sport center integrated management: access control, accelerates the administrative area, simplifies the accounting area and offers a uniform and rational fitness environment.

The flexibility of ERACLES by forfit allows to coordinate multiple locations and offices spread through the internet.

MAIN CHARACTERISTICS

- It is an integrated software, which has few modules to buy and well integrated with each other, as if it were a single software.
- Access control based on magnetic card or proximity, manages turnstiles, opening doors and / or gates.
- It has a low operating cost: the annual maintenance fee of the most competitive
- Integrated CRM that helps you manage the client to improve the relationship with the center.
